

Story Time & Library Hangout for School Children

Some picture books are just too good to miss – especially for older kids! That's why we've created a special Story Time just for children aged 7 to 10. It's the perfect chance to kick back, unwind, and enjoy a story or two in a cozy, relaxed setting. After the reading, stick around for our Library Hangout – a friendly, informal get-together where kids and families can connect, chat, and be part of our vibrant library community. We'll also be on hand with personalized book recommendations, carefully selected to match your child's unique interests and reading level.
